Dear Business Partner,

As you will remember, with the communication letter dated March 21st, 2018; we've informed yourselves regarding the new tax "additional financial liability" based on an HS-code list.

With the announcement of Ministry of Economy in Turkey on 06.07.2018, are new rules added to the new tax "additional financial liability".

According to this announcement, Certificate of Origin (CoC), exporter declaration or long term supplier declaration is needed for all deliveries (even if it is sent with an ATR) if country of origin for the related goods are European Union or Turkey.

If country of origin for the related goods are third Country; long term supplier declaration is not valid, and the exporter declaration is required (even if it is sent with an ATR).

If the supplier can declare the related document for all deliveries at the Turkish Customs, the additional customs duty and/or additional financial liability will not be charged.

In order to avoid these additional duties, we kindly request you to deliver the related goods together with the related document from now on. For all deliveries to Turkey are subject to this regulation.

In case of missing related document, Bosch location registered in Turkey must pay additional customs duty to the Turkish Customs. In this case the additional customs duty will be charged back to the supplier of the related goods.

We kindly request you to sign and stamp this letter and send it back to us by e-mail as confirmation.

For any questions, please do not hesitate to contact us.
